

22nd July 2024

Dear Families,

Hepatitis A

Schools have been asked by the UK Health Security Agency (UKHSA) to write to parents following a recent increase in cases of Hepatitis A.

It is important to protect against infectious diseases. As the school summer holidays approach, you and your family may be travelling outside the UK to spend time with friends and family.

Following a number of cases of Hepatitis A infection in Yorkshire, please take the time to watch this short video: <https://www.youtube.com/watch?v=slrBuHrb3jA> and visit your local GP to receive a vaccination for you and anyone in your family aged over 1 year if you are travelling abroad to countries where Hepatitis A is a common disease. More information about Hepatitis A can be found on the travel health website here: <https://travelhealthpro.org.uk/disease/70/hepatitis-a>

Yours sincerely

Ian Read
Headteacher

Claire Bradley
Head of School
